## REMEMBRANCE DAY, NOV. 11

Through Our Complete and Sincere Effort in this Present Conflict Comes Our Purest Form of Remembrance for the Men who Fought and who are Fighting for Our Way of Life

### REMEMBRANCE DAY WILL BE OBSERVED ON SUNDAY, NOVEMBER 9TH

Victims of the last great conflict will be honored by Crossfield and district on Sunday, November 9, by a church service at 11 a.m. in the Church of the Ascension, following which a wreath will be laid on the Cenotaph. Rev. A. D. Currie will conduct the services and all veterans are requested to be present wearing their decorations.

### ANNUAL DANCE CAUSING EXCITEMENT IN DISTRICT AS HOLIDAY DRAWS NEAR

The annual Canadian Legion dance, sponsored by the Veterans' Volunteer Reserve, is being looked forward to by dance-goers from all parts of the district. The affair is on the eve of the Remembrance Day holiday and will feature Len Davis and his popular orchestra. Committees planning the first big social affair of the season expect a banner crowd and promise a first-rate dance.

### DIES AT EDMONTON

Cecilia Catherina McNally, daughter of Mrs. P. I. McNally of Crossfield and the late Mr. McNally, died on Sunday at Edmonton following a long illness. Besides her mother, she is survived by two sisters, Mother Mary Bernard, Sacred Heart convent, Calgary, and Mrs. F. J. O'Brien of Calgary; also by J. McNally of Red Deer, brother.

### DOG NUISANCE TO BE CURBED IN VILLAGE

Discussion at the Tuesday night meeting of Crossfield Village council of the dog nuisance in the town brought to light the fact that many citizens have neglected to obtain a license for their dog. The meeting decided to launch a campaign to have licenses bought for all dogs and any unlicensed will be destroyed at the discretion of the council.

### PART OF HITCHING RACK WILL BE REMOVED

The part of the hitching rack south of the C.P.R. intersection on Railway street in Crossfield will be removed, it was decided by the Village council at its Tuesday night meeting. Being in a poor state of repair, this section of the tie-rack was considered superfluous by the council and not the worth the expense that would be entailed to fix it.

### INDEPENDENT CITIZENS WILL MEET WEDNESDAY

Members of the Independent Citizens' movement of Banff-Cochrane constituency will hold a meeting in the Elks' Hall at Cochrane on Wednesday, Nov. 12. The meeting will elect delegates to the Provincial convention.

### POPPY SALE WILL BE HELD SATURDAY AND MONDAY, NOV. 8 AND 10

Poppies as a remembrance of those brave men who offered their lives in 1914-1918, will be sold as usual this year by members of the Canadian Legion. The sale will cover two days previous to Remembrance Day, Saturday and Monday, November 8 and 10. The poppy sale does three important jobs: Remembrance of those who made the supreme sacrifice, help for disabled veterans through the manufacture of the poppies, and assistance of the needy since all funds derived from the sale in Crossfield and district go into the Canadian Legion "Sunshine Fund."

### YOUNG BOYS SMOKING CAUSE PRAIRIE FIRE

(Contributed)

On Sunday, Oct. 26, a niece and nephew of Mel. Patmore reported a fire raging at Crossfield fair grounds, Mel. and his brother, Vince, loaded several barrels of water and a number of old sacks on a truck and hurried to the scene. Upon arriving there they found two women and two boys trying to stop the fire from spreading by beating it with sticks.

The fire started about 12 feet from the newest building on the fair grounds where, the two boys said, they had started a bonfire.

In the five minutes it took to put the fire out by beating it down with wet sacks, a stretch of land 100 feet by 75 feet had been burned black.

### U.F.W.A. MEETING

A regular meeting of the Floral U.F.W.A. will be held at the home of Mrs. J. Aldred on Wednesday, Nov. 12, at 2:30 p.m.

Crossfield and district citizens are reminded that magazines for the troops may be left at Moon's Groceria, and are also reminded of how the boys appreciate getting copies of popular magazines.

Mr. Hugh McIntyre and Miss Margaret McIntyre have returned to Crossfield after spending five months visiting their old home in Ontario.

Miss Hazel Sackett has resumed her hair dressing business at her home in Crossfield.

Mr. P. H. Fleming is enjoying a two-week vacation.

Melvin Patmore, owner of the Crossfield Transport, and Fred Cruse, driver, have begun to operate the business on a share basis.

### PERSONAL PARAGRAPHS

Miss Elaine Belshaw has begun a secretarial course at a Calgary business school.

Miss June Patmore has been confined to bed for the past two weeks with 'flu.

Mr. Tursey and Bert Hoover, accompanied by Mrs. V. Patmore and Mrs. J. Reeves, motored to Vulcan on Saturday.

Mrs. W. Tims and daughter, Jean, of Montreal, are spending an extended visit with Mr. and Mrs. Hugh Ballam. It will be remembered that the Tims were former Crossfield residents, Mr. Tims having been a butcher in town.

Dick Patmore has almost two rooms completed on his new home.

On Sunday Mr. and Mrs. J. Belshaw entertained Rev. Dr. J. Hollingsworth at dinner and Mr. and Mrs. C. Marsten and family.

Mrs. H. Hoover and Mrs. M. Patmore were Calgary visitors on Friday.

Bert Hoover's truck and one of Melvin Patmore's are busy on construction work at the Vulcan airport.

The Catholic Women's League is sponsoring a card party in the Masonic hall on Friday November 21.

Mr. Henry Stone of Madden is seriously ill.

Word has been received of the safe arrival in England of "Robbie" Laut, son of Mr. and Mrs. J. R. Laut.

Vivian Major, former resident of Crossfield, is now reported to be stationed in Egypt with the Empire forces.

Mr. A. Montgomery has enlisted with the Veterans' Guard and left on Wednesday for duty. He was a former president of the Crossfield branch of Canadian Legion, B.E.S.L.

## Seal or Be Quiet

Hallowe'en pranks brought on another barrage of complaints of vandalism by youngsters in the town and with the complaints was heard the age-old hue about "why doesn't the council take steps to curb the pranksters?" Persons who have been eye witnesses to the destruction of private and civic property are held as much responsible in the public eye unless they divulge the names of the parties doing the actual damage. This has been a worry to authorities in large cities and small hamlets: citizens will complain but will not co-operate.

Before you make complaints about property damage be ready to back it up with the name or names of the party or parties involved. Until this done, it is too much to expect authorities to seek out the culprits.

## Letter to the Editor

Editor, The Chronicle,  
Dear Sir:

A great majority of the citizens in town have, for almost a year now been asking each other the question: "Why in the dickens can't Crossfield have an airport? What a boon it would be to the town!"

Well, why don't all the business men get together with the Village secretary-treasurer, all sign a document stating the facts and send it to the proper government authorities?

Then maybe, Crossfield would get a little action.

E.J.P., Xfield Citizen.

## Flexibility Plus In Newspapers

An earnest young student of journalism was assigned to the writing of an essay on newspapers. 'Of what value are newspapers in a community' was the question she asked in a letter to a country editor.

"We are greatly surprised at this question," replied the editor. "We thought there was no one who did not know that a newspaper stands alone as a community utility.

"When we were a very small child in school, we learned that there is nothing that equals well chewed newspaper for making spitballs. They have a zing and a sticking quality not found in any other paper.

"Newspapers are used everywhere by housewives as a covering for shelves on which pots and pans are stored. Newspapers can be and are spread on a chair when standing on them to prevent scratching the nish. They are also used to wrap art-

icles for storing in the attic as printers' ink discourages moths.

"Housekeeping cannot be carried on without newspapers. A newspaper of wide circulation, crumpled in the hand, makes an excellent mop to clean grease from stoves and ranges. A bit of coal oil on a newspaper turns it into a fine polishing mop for metal work. The newspaper is unequalled for starting the fire, or for lining garbage cans.

"In cold weather, a newspaper, spread over the chest and buttoned under a coat, will keep out the cold. Newspapers stuffed in a leaky pipe can be used as a temporary measure. The newspaper is valuable to spread on a floor when painting, to keep the stains off the linoleum.

"Oh, we can go on for hours, narrating the various things for which a newspaper may be used and still not name half of them. And if all else fails, one can sit down and read the newspaper. What else in the community has this flexibility?" — Barrhead Leader.

Surely with all these uses, it is worth the small amount of money it takes to bring. The Chronicle into your home. Have you paid your subscription?

—Airdrie Representative—

Mr. Olaf Kolstad is suffering from mumps and has been confined to his home for about a week. His brother, Percy, is relieving for Olaf as clerk in J. H. Scott's store.

LaVerne Myers left on Saturday for Toronto where he is to take a course in ground work in the R.C.A.F.

Mr. Clifford Fletcher returned to his home from hospital on Tuesday.

Mrs. Murray Wood and baby of Twining returned with the Mathesons on Sunday to spend a week in Airdrie visiting her parents and friends.

Miss Jean Edwards spent the weekend with her mother, Mrs. Anna Edwards. She returned to Royalties Sunday evening.

Lloyd Fletcher spent the weekend at his home. He is stationed at Edmonton with the R.C.A.F.

Mr. and Mrs. Duke Davis and family spent Sunday in Nanton visiting Mrs. Davis' mother.

Miss Joyce Hardwick will enter a hospital for the removal of a cyst from her lower left jaw. Her brother, Boyd, had the ill fortune to injure his leg in a football practice on Friday and was kept in bed for several days.

### I WAS ONLY A VOLUNTEER

The following poem, written by Pte. J. Willox of this district, who is in training in Eastern Canada, is considered by the editor to be worthy of publication for its satirical value.

Why didn't I wait to be drafted,  
To be led to a train by a band?  
Why didn't I wait for the banquet?  
Oh, why did I hold up my hand?  
For nobody gave me a banquet,  
And nobody said a kind word;  
The grind of the wheels and the engine  
Were the only sounds that I heard.

Off to the camp I was hustled,  
To be trained for a half a year.  
In the shuffle, quite forgotten,  
I was only a volunteer.  
We have given the others our billets;  
We have roasted alive in tents;  
We cleaned up a dozen parade grounds  
For the fellows who only were sent.

Then came the National Army;  
Then it was all made clear:  
The glory goes to the drafted—  
The work to the volunteer.  
I waded in mud in the country,  
I froze in Canada's cold,  
I walked my beat in the moonlight;  
In this army I am growing old.

I dreamed of the time that was coming,  
When over the top I would go,  
While the fellows back home were laughing  
At what a fool I was to go.  
I dreamed of the far-off dangers  
Of that bloody field of hate.  
I went over the top, by a bullet was stopped,  
Then I knocked on the Pearly Gates.

I dreamed Saint Peter saying:  
"We have no room for you here,  
We're reserved for the National Army."  
It's hell for the volunteer.

Maybe some day in the future,  
When my boy sits on my knee  
And asks what I did in the conflict,  
His eager eyes looking at me,  
I'll have to look back at him blushing  
Into eyes that so trustingly peer,  
And tell him I missed being drafted,  
I was only a volunteer.

## Aberhart's Statement 'False, Ridiculous'

Isley Answers Charge  
'Canada Can't Pay  
Interest After War'

OTTAWA, Nov. 4.—Finance Minister Isley today issued the following:

When shown a press statement today reporting that Premier Aberhart of Alberta had allegedly told a meeting of the Democratic Monetary Reform Organization of Canada that Canada will never pay back the money borrowed to finance the war and that after the war we will be paying "\$2,000,000 a day in interest to institutions which loaned money to pay for the war effort," Hon. J. L. Isley, minister of finance, stated that he could not believe that Mr. Aberhart was correctly reported.

### CAN'T BELIEVE IT

"Such a statement," said Mr. Isley, "is so false, and so calculated to hamper the war effort by needlessly alarming the small and inexperienced investor, that I cannot believe it could have been made by any responsible public man in Canada."

"How false and ridiculous it is, will be immediately apparent to anyone who knows or takes the trouble to examine the facts. The average rate of interest paid on new monies borrowed by the Dominion since the outbreak of war is only about 2.17 percent. On this basis it would take total new borrowings for the war effort of over \$3,000,000,000 to give rise to interest payments at the rate of \$2,000,000 a day."

"The fantastic and irresponsible character of the statement thus should be apparent to anyone, no matter how little he may know about the subject of finance."

"Actually," said Mr. Isley, "the total net interest charges paid by the Dominion during the last fiscal year amounted to only \$124,268,000, which was only 14.2 percent of the Dominion's revenues for that year and less than \$10,000,000 in excess of the net interest charges paid by the Dominion in the pre-war fiscal year ending March 31, 1939. This year the percentage of total interest charges to our much enlarged, total revenues will be even smaller."

### PERCENTAGE SMALLER

Dr. K. W. Nealey  
Director, Agricultural Department  
North-West Livestock Association  
Germination Tests

Last year we installed in our laboratory two modern germinators, each with a capacity of 300 samples in duplicate per week. We undertook to test samples of small grain seeds, including wheat, oats, barley, rye and flax. Nearly 5,000 samples of seed were sent in by line elevator grain buyers for their customers. The results were of great value in assisting farmers to assess the value of their own seed.

The germination tests are available again this year. Samples of wheat, oats, barley, rye or flax intended for sowing next spring should be brought by farmers to their local line elevator agent as soon as possible. Forage crop and vegetable seeds will not be tested in our laboratory, but must be sent to the government laboratories at Calgary, Saskatoon or Winnipeg. Some times cereal seeds exhibit what is known as "dormancy." That is, seeds which are really alive refuse to germinate, especially in the autumn. This means, of course, that the true viability of some samples may be underestimated. It so happens that this dormancy, or delayed germination, as it is sometimes called, can be broken by special pre-chilling treatment. Thus, without pre-chilling, the true germination percentage may be under-estimated.

We have now installed a frigidate unit, specially built for our purpose, which will enable us to pre-chill all samples sent in for tests.

There is so much weathering grain in the country this year that the demand for tests will probably exceed the capacity of our laboratory. The sooner samples are sent in, therefore, the better. Consult any grain buyer of the elevator companies associated with this department. He will mail your samples to us.

Have your printing done at  
The Chronicle.

"If we take the total net interest charges payable by the Dominion as a percentage of the national income, we will find such percentage for this fiscal year smaller than for any year in the year immediately preceding the war and considerably smaller than in the years following the last Great War."

"Whatever Mr. Aberhart may think, the Dominion believes that the only honest, fair and sound policy is to pay one's just debt—and there cannot be the slightest doubt as to the Dominion's ability to do so after the war."

"The way in which this war is being financed means (1) that borrowing is being relied on to finance a very much smaller proportion of the war cost; (2) that the interest rate being paid on such borrowing is very much lower than the average effective rate paid during the last war; and (3) that we are not borrowing abroad at all, and indeed we are steadily paying off what we owe abroad."

"All our loans this time are internal loans and the interest payable on them is not an additional burden on the economy as a whole as an increase in external debt would be. Such interest is payable to ourselves, forms part of the national income and, except in the case of War Savings Certificates, is itself subject to taxation. Indeed in the case of very wealthy persons, most of the additional income they receive from interest on War or Victory Bonds came back to the Dominion treasury in the form of taxes."

### SAFE INVESTMENT

"We are of course concerned that our bonds and our War Savings Certificates should be held as widely as possible and should not be concentrated in a few hands. Every family every individual, should hold as many War Savings Certificates as possible, and Victory Bonds as well, in order to share in that interest income and to have the protection of a safe investment for the post-war years."

"That I believe is what is already happening. There were over 550,000 subscriptions to our Victory Bond Loan, and War Savings Certificates have been bought by over 2,500,000 persons. Our bonds and certificates are being bought by everyone from the humblest who may know only that their country needs the money to the most astute investors who know that they are a good buy."

"The good judgment of these investors will again be demonstrated as it was in the years following the last war."

"This war is a costly necessity but its results are not all evil. Canada has already learned much from the war and has made certain substantial gains."

"We have learned to work together in a new spirit of national unity. We have learned to make sacrifices for a great cause, and to forget, to some extent at least, our narrow sectional and selfish interests. We have vastly increased our productive facilities, discovered new economic resources, acquired new skills, and in numerous ways increased our efficiency as a nation."

### 'CARRY WITH EASE'

"Ours will be a far more efficient economy after the war and in my opinion will be able to maintain a national income which will make it possible to carry with ease any increase in interest charges on the national debt that war may bring."

### DIDN'T SAY IT, HE SAYS

LETHBRIDGE, Nov. 4.—Premier Aberhart here today denied he had said in a Winnipeg address Oct. 29 regarding money borrowed by the Dominion Government to finance the war effort that "it will never be paid."

"I made no such statement," said Mr. Aberhart in referring to his speech to the Democratic Monetary Reform Organization of Canada Oct. 29. "I did say: 'It might take the hide off the people to repay these loans.'"

The Alberta premier refused to comment on the statement issued by Finance Minister Isley.

## NEED 489 MEN IN 22ND QUOTA

Begin Recruiting for  
Canadian Army  
(Active) at M.D. 13

With a required goal of 489 men, recruiting has started for the 22nd quota for the Canadian Army (Active), according to a statement from M.D. 13 Tuesday.

Men are needed for the artillery, anti-tank, anti-aircraft batteries, surveyors, engineers, signals, armoured, Army Service, Army Medical and Ordnance Corps, the Edmonton Regiment and the Calgary Highlanders.

Out of this required quota of 489, approximately 152 tradesmen are needed, including clerks, cooks, mechanics, technical storemen, fitters, carpenters, concreters, engine artificers, fitters, pioneers, R.C.E., dispatch riders, electricians, linemen, operators, equipment repairers, butchers, cooperatives, nursing orderlies, armourers, instrument mechanics and wheelers.

Major J. H. Galnor, M.C., district recruiting officer, M.D. 13, said that recruiting for the army was definitely on the upswing, and he was agreeably surprised at the high standard of men who have been applying lately.

## HEAR 43,655 DEBT CASES

19,191 Settlements  
Made for Farmers

OTTAWA, Nov. 4.—A total of 43,655 cases have been disposed of under the Farmers' Creditors Arrangement Act of 1934. It was shown in a report tabled by Finance Minister Aulay in the House of Commons Monday.

The act is designed to effect compromises on rearrangements of the debts of farmers enabling them to continue operation of the farms.

The report showed 19,191 settlements made by the 188 official receivers throughout Canada and 6,932 by the boards of review established in each province. Mandatory orders of the boards were made in 17,418 cases.

The total debt which the 43,655 cases represented was \$264,891,042 and reductions were effected to the extent of \$99,925,720 together with an interest reduction of \$7,572,059.

The average debt of farmers who have submitted proposals was \$5,981, and the average reduction \$2,256.

During the fiscal year ending March 31, 1941, the number of proposals submitted was 1,808 in comparison with 4,142 in 1940 and 8,295 in 1939.

## Wheat Exports For 13 Weeks Up

OTTAWA, Nov. 4.—The Dominion bureau of statistics today reported overseas export clearances of Canadian wheat totalled 2,203,223 bushels in the week ended Oct. 31 compared with 2,609,404 the corresponding week last year. Exports in the 13 weeks ended Oct. 31 totalled 33,336,090 bushels compared with 21,511,314 the same period last year.

Wheat receipts in the prairie provinces in the week ended Oct. 31 totalled 11,470,460 bushels compared with 12,205,315 the previous week and 11,578,885 the corresponding week last year. Receipts by provinces with figures for the same week last year in brackets: Manitoba 1,299,890 (79,799); Saskatchewan 5,698,289 (4,568,189); Alberta 2,772,121 (2,242,972).

Marketings in the prairie provinces for the 13 weeks ended Oct. 31 totalled 93,526,738 bushels compared with 209,238,068 the same period last year. Receipts by provinces: Manitoba 16,782,651 (29,869,214); Saskatchewan 53,154,191 (117,771,192); Alberta 23,589,885 (61,597,882).
